SUMMARY

Former University of Michigan Engineering student currently enrolled in a fast paced Grand Circus bootcamp learning C#/.Net software development. After 7 years in retail management I have a proven record of leadership and collaboration to reach projected targets within strict timelines.

I'm eager to bring my newly learned technical skills, along with my extensive intrapersonal and collaborative abilities, to an innovative company in efforts to start an exciting new career in the software industry.

EDUCATION

C# Developer Bootcamp
Grand Circus, Grand Rapids
Jan. 2018 - Mar. 2018

Mechanical Engineering Coursework
