Experienced manager seeking a position as a C# .NET developer, where I can use the skills I've learned, alongside my collaboration skills, and where I can help build exciting new programs.

SKILLS

- C# .NET
- LINQ
- Git / GitHub
- Web APIs
- Azure
- ASP.NET
- SQL
- Design Patterns
- MVC Architecture
- Unit Testing / TDD
- O.O.P.
- Razor
- Entity Framework
- HTML / CSS / JavaScript
- Agile

EXPERIENCE:

Store Manager 2017 - 2018
Shoe Dept Encore, Grandville, MI

- Improved store appearance, inventory management, and staff performance, leading to a 6% increase in Q3 sales, and increased customer satisfaction.
- Effectively and quickly trained 5 managers and employees for another location, leading them to be self-sufficient within 3 weeks.

Store Manager 2016 - 2017
Famous Footwear, Byron Center, MI

- Increased store appearance and staff performance, producing a 14% annual sales increase.
- Took on extra responsibilities by managing 6 other managers across two store locations.

General Manager 2010 - 2016
Shoe Carnival Inc, Lansing, MI

- Achieved store gains two years in a row by increasing staff performance, store appearance, and marketing, raising the annual bottom line by 1.5%, despite a decrease in traffic.
- Opened a brand new location and built a customer base and new professional relationships, and maintained a staff of 22 employees.
- Used sales, p&l, traffic, and customer survey reports to influence available products, drive traffic, increase sales and raise customer satisfaction.
